

Send your samples to the laboratory

Thank you for entrusting your medication or complementary analysis to www.pharmanalyse.com. Your medication will be analyzed in our laboratory by pharmaceutical analysis experts.

To send us your medication, please follow these 3 instructions:

⇒ **Number of copies to be sent: 3 minimum**

At least 3 copies of the drug or dietary supplement to be analyzed must be sent in its **original packaging** (box or bottle + blister pack), so that all the information on the drug (manufacturer, batch number, date of manufacture and expiry date, etc.) is available for the analysis report.

⇒ **Shipping protection and Address**

The drug or dietary supplement to be analyzed must be adequately protected to prevent any deterioration or damage during transport to the laboratory:

- Small cardboard box
- Bubble envelope
- Wrapped in cardboard or bubble wrap in a normal envelope

Mailing address: **TWISTAROMA – PHARMANALYSE, 300 Bd Sébastien Brant, 67400 Illkirch, FRANCE**

⇒ **Sample Information Form**

The drug or dietary supplement to be analyzed must be accompanied by the completed Sample Information Form (*INF-ENR-002*).
